

## Monitors for photographers

The monitor is the most important link between the photo taken and the photographer, comparable to the speakers of a hi-fi system. What special criteria should it fulfill? What size and resolution make sense, should it be a curved display or rather two separate screens? What connections are there, how important is the calibration, can I use the HDR function as a photographer or is that a gimmick? This article sheds light on the jungle

## Medium format in 35mm look

The Fujifilm GFX100S offers a medium format sensor with 102 MP resolution in a body that is barely larger than that of a full-frame camera. Is it only good for the studio or is it also suitable for outdoor use? We make a comparison.

## Story photo clothing

Special clothing for photographers is practical, and sometimes it even looks good. Professional photographer Michael Jordan takes a look at fashionable and functional clothing items and shows how they make everyday photography easier.

## Smartphone cameras in comparison

Does software make the better pictures? In our test, four current smartphones from different price ranges compete against a full-frame camera. An unfair comparison? Wait and see!

## Macro extreme

Please come closer! Spiders and insects are not only useful, but also spectacular photo subjects. Especially in extreme macro photography beyond 1:1, they reveal dazzling structures and exciting details.

## Guide to photo backpacks

High wearing comfort, great design, well thought-out and durable: The requirements for a photo backpack are as diverse as the fields of photography. We have picked out four major topics and want to shed some light on them.

## Image language – Finding your own expression

Photographic artists have a characteristic style that shapes their images. But you too can develop your own visual language that expresses exactly what you want to convey to your viewer. We'll show you how.

## Small flowers in the spotlight

Anything but inconspicuous: with a little experimentation, you can stage wood anemones, pasqueflowers, lady's slipper and the like on the big stage. Discover six ideas that will make it happen.
