## EDITORIAL PROFILE

c't Fotografie is published every two months and is one of the highest-circulation photography magazines in Germany. Readers improve their photographic skills with detailed workshops on topics such as night photography, nude photography, portrait shootings and landscapes. Articles on image editing, not only with Photoshop, show step by step the way to the perfect picture. Photo printing is equally important for professionals and hobby photographers: Which paper, which photo book, own printer or service provider?

Rigorous tests of cameras, lenses and accessories in in-house measurement and test labs help readers choose the right equipment. The editors don't randomly test what comes on the market, but present a selection of the most important new releases and place them in the context of what the market has to offer. Almost every issue contains reports on photo accessories, including flashes, tripods, studio equipment, photo bags and backpacks.

c't Fotografie is aimed at photo-loving amateurs who want to take pictures instead of snapshots, as well as professional photographers who want comprehensive information and inspiration from a wide range of topics.

# c't FOTOGRAFIE ONLINE

Taking pictures has never been easier: The digital revolution has made one of our most important communication media available at lightning speed, easier to handle and also cheaper. c't Fotografie reports in detail on all topics of digital photography. Technical trends and the latest cameras, lenses and equipment are covered, as well as photographic art, introductions to important photographers and image editing. More than 200,000 uploaded images and well over 25,000 active users characterize the photo gallery.

In addition, the editorial team tests cameras and lenses, as well as equipment such as flash units, memory cards, tripods, image output devices and photo printers in the in-house photo lab according to current ISO standards. The photo club, the paid section of c't Fotografie online, features articles from past print issues, exclusive camera and lens tests, and special offers and promotions.
