Quick Facts

India emerges as top-3 target for nation-state driven cyber-attacks.

State-sponsored cyberattacks against India are up by 278% in less than 3 years.

India accounts for 13 per cent of cyber-attacks in the Asia-Pacific (APAC) region.

Less than 4% of Indian Companies have the capacity to handle modern cyber attacks.

The Indian cybersecurity market, surpassing USD 6 Bn mark, is a direct response to the swift digital transformation across industries and the mounting threats of cyber-attacks, data breaches, and financial fraud. It is incumbent upon both public and private sectors to address vulnerabilities and bolster cyber resilience strategies in this evolving landscape.

The Massachusetts Institute of Technology (MIT) Technology Review Cyber Defense Index 22'-23' positioned India 17th out of 20 countries, elucidating the nation's preparedness in terms of cybersecurity effectiveness. CyberSec India Expo 2025, the preeminent cybersecurity trade show, aspires to narrow this gap and enlighten the community on emerging trends and developments in cybersecurity.

The inaugural edition of CyberSec India Expo 2025 promises to showcase cutting-edge innovations safeguarding India's digital business landscape, thereby propelling growth and advancements in the industry. The primary focus is on illuminating existing challenges, showcasing innovative solutions, and fostering awareness about cybersecurity threats. This event offers a unique opportunity to explore state-of-the-art cybersecurity products and solutions, connect with industry luminaries, and engage in enriching discussions to cultivate fresh ideas and perspectives.

By providing a collaborative platform for innovators and raising awareness in the rapidly evolving cybersecurity arena, CyberSec India Expo 2025 aims to bring together industry leaders such as CTOs, CIOs, CISOs, security experts, ethical hackers, and other stakeholders to drive progress and innovation in the field.

WHAT WE AIM TO SHOWCASE

NAVIGATING CYBERSECURITY TERRAIN:

Navigate through the complexities of cybersecurity challenges in India, while uncovering strategies to bolster defenses and ensure robust digital resilience.

INSIGHTS INTO DIGITAL RESILIENCE:

Delve into the core of India's digital infrastructure, gaining valuable insights and actionable methods to bolster its resilience against cyber threats and vulnerabilities.

MITIGATING CYBER THREATS:

Identify and address the full range of cybersecurity threats prevalent in India, and learn effective tactics and emerging technologies to combat these risks and protect your organization.

SPOTLIGHT ON INNOVATIONS IN CYBERSECURITY:

Immerse yourself in a showcase of state-of-the-art technologies and groundbreaking innovations that are poised to redefine cybersecurity practices, offering transformative solutions to safeguard India's digital ecosystem.

STRATEGIZING FOR SECURE DIGITAL ENVIRONMENTS:

Explore prevalent cybersecurity issues, strategic approaches, and game-changing technologies aimed at securing India's digital landscape, and chart a course towards a more secure future.

What's in Store?

EXHIBITION:

Display technical expertise through live demos and discussions.

CONFERENCE:

Share research, case studies, and insights on topics like threat intelligence and secure coding.

WORKSHOPS:

Lead hands-on training in penetration testing, digital forensics, and more.

STARTUP ZONE:

Showcase innovative solutions and groundbreaking technologies.

HACKATHON:

Collaborate to develop innovative cybersecurity solutions and showcase problem-solving skills.

CYBERSECURITY AWARDS:

Compete for prestigious awards recognizing technical excellence and innovation.

Exhibitor Profile

Explore a vast exhibition space where leading companies, startups, and industry pioneers will showcase their products and services. The exhibition promises a comprehensive look into the future of cybersecurity products and innovations.

Businesses involved in the Following

NETWORK SECURITY:-

- Advanced Server Protection
- AI Endpoint Security
- Anti-Virus
- Application Security
- Cloud Security
- Endpoint Security
- Network Security
- Secure Edge Services
- Zero Trust Security

THREAT DETECTION AND RESPONSE PROFILES:

- Attack Surface Management
- Digital Forensics & Incident Response
- Threat Deception
- Threat Intelligence
- Threat Services
- Vulnerability Management

IDENTITY AND ACCESS MANAGEMENT PROFILES:

- Business Email Protection
- Cryptography
- Identity Security
- MFA & SSO

CLOUD SECURITY

- Cloud Security
- SaaS Enabled Enterprise

CYBERSECURITY SERVICES

- Cyber Security Asset Management
- Cyber Security Awareness
- Managed Security
- MSSP

ENDPOINT SECURITY

- AI Endpoint Security
- Endpoint Security
- VDI

Exhibit at the Cyber Sec India Expo

The inaugural edition of Cyber Sec India Expo offers a distinctive and valuable opportunity for companies engaged in cybersecurity innovation and management.

Why exhibit?

- Be part of the largest cybersecurity exhibition and conference in India
- Showcase top solutions and innovations
- Network directly with your audience
- Get direct access to thought leadership activities
- Get direct access to trainings and workshops
- Be instrumental in facilitating the cybersecurity dialogue
- Build a wider network in your universe
- Organise masterclasses or workshops
- Participate in demos
- Dedicated business networking opportunities

Our Advisory Board

Prof. N.K. Goyal
Founder & President,
Cyber Security Association of India

Parag Deodhar
Cybersecurity Expert

Col. Nidhish Bhatnagar
Director, School of IT, AI & Cyber
Security, Rashtriya Raksha
University

Kapil Mehrotra
Group CTO & CISO
Dhanuka Agritech

Abhijit Chakravarty
Executive VP - Networks & Cyber
Security, Kotak Mahindra Bank

By exhibiting, you can:

- Engage with technical experts and decision-makers.
- Showcase technical capabilities and innovative solutions.
- Stay updated on technological advancements and trends.
- Position your company as a trusted authority and thought leader.

Join us at
**Cyber Sec India
Expo 2025** to drive
innovation and stay ahead
in cybersecurity.

Industries

- Information Services
- Telecommunications
- Financial Services
- Healthcare
- Manufacturing
- SaaS
- Environmental Health
- Defense
- Federal Government
- Banking and Finance
- Insurance
- Retail and E-commerce
- Energy and Utilities

Visitor profile

- CTOs
- CIOs
- CISOs
- Security Specialists
- Ethical Hackers
- Government Entities
- Semi-government Entities

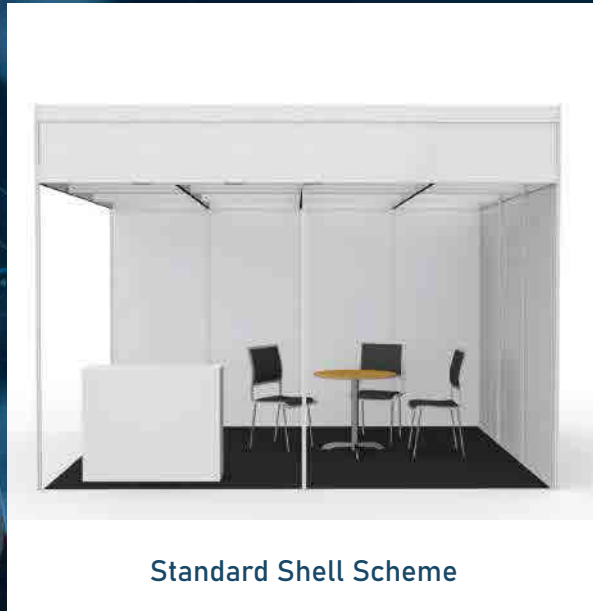

Why visit?

- Network with colleagues, peers and competitors
- Be privy to the latest innovations in cybersecurity
- Get involved in the dialogue on cybersecurity
- Build a wider network in your universe
- Participate in hackathons, workshops and training sessions
- Be instrumental in facilitating the cybersecurity dialogue
- Build on your technical expertise

Prices and packages

Shell scheme stand

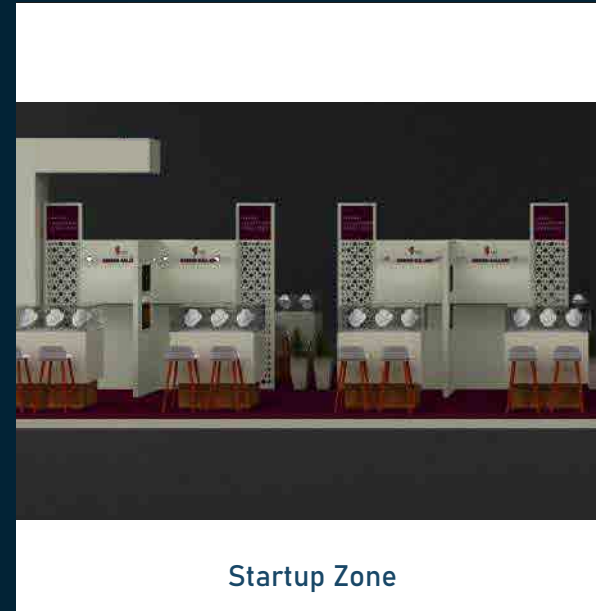

Standard Shell Scheme

A 9 sq. mtr. (3x3) stand includes the following:

- Fascia with company name and stall number on a vinyl sticker
- 1 lockable cabinet
- 1 table and 3 chairs
- One power socket (single/three phase)
- 3/2 side wall partition (white laminated octanorm panel - 1m width x 2.5m height)
- 1 x Literature rack
- 1 x Waste bin

Rate: US \$400 per sq m + 18% GST

Startup Zone

Startup Zone

Includes: 1 table, 2 chairs, 1 dustbin, 1 TV

Rate: US \$2000 for 4 sq m + 18% GST

Bare space only

Only raw space will be provided. Octanorm panels, carpet, power, fixtures and furniture are not included.

Rate: US \$350 per sq m + 18% GST
