DEVELOPER CONFERENCES **1ST. HALF OF 2025**

Conference	Date	Location	Topic	Number of participants*
	Feb 26 – 27, 2025	Radisson Blu Hotel, Mannheim	**Kanban Days:** www.kanban-days.de **Optimising the value stream across teams** Kanban is a method for managing workflows that helps to identify bottlenecks and improve the workflow. The conference is aimed at anyone who is responsible for achieving better product and company results.	NEW
	Apr 01 – 03, 2025	Am Nürburgring, Nurburg	**JavaLand** www.javaland.eu **The Java Community Conference** JavaLand opens its doors every year for the meeting of the Java community. In 2025, it will take place at the Nürburgring. Developers and architects come together at the two-day conference to explore the latest technologies and approaches for modern software development in the Java ecosystem. **More information on the partner conference on request!**	1600
	Apr 02 – 03, 2025	KOMED im MediaPark, Cologne	**Product Owner Days** www.product-owner-day.de **How agile product management works better** The conference is aimed at product owners and product managers who know the agile basics (e.g. from CSPO / PSPO I) and already have experience in the role.	260
	May 07 – 08, 2025	Manufaktur, Mannheim	**enterJS** www.enterjs.de **The conference for Enterprise JavaScript** enterJS addresses the company-wide challenges of a JavaScript-supported enterprise world and addresses participants who deal with contemporary JavaScript development, from frontend to backend deployment.	310
	May 20 – 21, 2025	IHK, Chamber of Commerce and Industry, Karlsruhe	**M3 – Minds Mastering Machines** www.m3-konferenz.de **The conference for Machine Learning and Artificial Intelligence** The M3 programme is aimed at those who are familiar with the basic concepts of AI and ML and now want to take the second step towards machine learning.	200
	June 25 – 26, 2025	German Football Museum, Dortmund	**DIGITAL DESIGN & UX NEXT** www.dd-ux.de **The conference for product development, technology potential and design** world of apps and smartphones, users today no longer just expect good user interfaces or user experience in certain areas, they expect holistically well-designed solutions. The conference in Dortmund aims to shed light on this.	90
