PLUS SUBSCRIPTIONS IN THE IVW

We show the digital components of our **Plus subscriptions** in all of our other titles, taking into account the change in reading behaviour. Other publishers have been doing this for years. iX has a strong print subscription circulation of 18,912 copies. **11,520 subscribers** want to read the iX content digitally in addition and opt for the **iX Plus subscription, which combines two „subscriptions" (print and digital)** in one contract. This means that they can immediately research our content while surfing the web every day and still have the printed edition at their fingertips.
